Our aim is to provide education and training, nurture and encourage and ensure that all students are having fun, gaining confidence and making friends.

We aim to develop and broaden your skills and knowledge of Performing Arts in a professional and highly disciplined Theatre School environment. Our semi-vocational students have an elaborate timetable of classes to choose from and also have an opportunity to take part in masterclasses with West End and Top Industry Professionals. These masterclasses are a vital part of your training and underpin DPA's philosophy of sharing industry practice with all our students.

All students have to enrol and pay a £10 registration fee and annually they will pay a £5.00 insurance fee. The registration fee includes their DPA T-Shirt which is part of the standard uniform. Additional uniform is available from FLIRTS Dancewear in Great Yarmouth and our online uniform shop.

We host a biannual awards evening where all students are given an opportunity to showcase and also celebrate our DPA family with an audience of family and friends. All students are also given the opportunity to perform to a large audience on a professional stage in our biannual full school production.

Little Stars is our children & young people's agency we look to place children in TV, Film and Theatre Productions. ACRO

This class combines classical technique with precision acrobatic elements. It is defined by its athletic character and its unique choreography, which seamlessly blends dance and acrobatics. Students learn tricks and movements including back bends, walk overs, chest rolls, chest stands, shoulder stands, hand stands, cartwheels, round offs, splits, fishtails, hand walking and more! As well as learning an amazing skill or developing a natural talent, students will also benefit from these classes by developing an increase in strength, flexibility, confidence and spatial awareness. (Impact, Ignite & Inspire must be taken in conjunction with at least 1 ballet class)

ALLSORTS

Have you ever wanted to feel like you're on So You Think You Can Dance, or in Newsies? Have you ever dreamed about performing on the West End and feeling like a star? What about the feeling Beyoncé's dancers have after they finish a sold-out show? Allsorts is the class for you if you answered yes to any of the above! This class is a fusion of all sorts of music and dance styles. The spotlights on you with a new dance/style every week.

BALLET

These classes teach the fundamental techniques and are imperative for those pupils who wish to take up dancing as a career. Classes offered are all grades from Primary-Advanced. Pupils have the opportunity of taking ISTD examinations if the required standard has been attained. Although these are not compulsory, it is a wonderful reward for the months of hard work involved at achieving the standards required. All children entered for exams are expected to attend extra coaching classes in the lead up to their examinations. Ballet will help develop poise, co-ordination, discipline, musicality and expression through the enjoyment of classical dance. Ballet is the foundation for all dance styles.

• FREWORK

Often described as 'the key dance discipline', ballet teaches grace, poise, musicality, correct posture, coordination, balance, strength and flexibility. It is one of the oldest dance forms, but is still hugely popular, and beneficial in providing a secure base for all other dance forms. Our Freework Ballet classes offer students an opportunity to enjoy this discipline without following a set syllabus or worrying about the pressure of additional exams.

• OPEN BALLET CLASS

If you have ever wanted to try Ballet, this is the class to do it! Especially designed for students that have never taken a ballet class before, this is a complete introductory course run over a full term of approx 12 weeks taking you from plie to pirouette. You will be introduced to new and correct vocabulary, basic classical posture & placement and learn the skills necessary to continue in a general class setting if you choose. This class will keep you challenged, focused and produce amazing results! Students will need to bring with them to this class a resistance band and a small spikey massage ball.

• DEMI-POINTE

The Class is structured and works on Strength, Balance and Musicality, with beginner's steps being introduced at a safe and effective pace. Class open to Grade 3+ Ballet Students and the student must take at least one other ballet class a week. Students will need to bring with them to this class a resistance band and a small spikey massage ball.

• POINTE

The study of Pointe work can begin once students are studying Grade 3 Ballet and the class may be taken by students who are not yet on Pointe to further develop and strengthen the muscles necessary to go on Pointe. Students who are on Pointe must take at least two additional dance classes per week. Readiness for Pointe work is determined by each student's strength and physical development, not by their age. The tutor will advise parents when a student has the necessary strength and maturity to go on Pointe.

COMMERCIAL

Specialised classes teaching all Urban Dance styles including, Street, Poppin, Lockin, Breaking, Hip Hop, Krumping and Commercial. You will meet wicked, like minded dancers, gain confidence and make some great friends. We cater for everyone so if you are a total beginner or an advanced dancer we have just the right moves for you!

COMPETITION TEAM

The DPA Competition Team is an award winning competitive dance team. Dancers who are interested in taking advanced classes and who want more performance opportunities are encouraged to audition. Dancers typically compete in regional (local) & national competitions and festivals throughout the dance season, attend dance workshops & masterclasses and perform at events & showcases. This is a serious programme that requires hard work and commitment. We require that the dancers and parents are team players and work together for the success of the entire team and DPA! **Entry is by AUDITION ONLY.**

With a dressing up and prop box full of possibilities, this class fuels the imagination of our youngest students!

DANCE CONDITIONING

It is absolutely imperative that dancers are strong, physically fit, and able to endure the rigors of dance performance. A conditioning regime allows dancers to opportunity to strengthen their bodies to complement their technical and stylistic dance training and prevent injuries. Conditioning typically includes:

Cardiovascular Exercises

Flexibility Exercises

Strength Exercises

Core/Abdominal Work

Arm/ Back/Leg Work

DRAMA

Designed to teach confidence and self-expression beginning with drama games, movement and storytelling, building up to script reading, improvisation and the production of scripted works and devised pieces. Groups work with a huge range of stimuli including news cuttings, images, music and props. The key objective is to develop a creative response, to build confidence, characterisation, performance and communication skills, all essentials in everyday life and of course the key to audition success too!

FIT DANCER PROGRAMME

With dance and specifically Ballet being one of the most physically demanding pursuits on this earth, it is therefore very important that dancers begin to take strength and conditioning seriously at a young age with the goal not only being increased performance but also injury prevention and career longevity. These sessions are 30 minutes long and can be taken one to one or shared with up to 3 people of a similar age/ability. **(Not included in our unlimited class pass)**

JAZZ TECH

We have created our very own Technical Jazz Syllabus. As with most things dance is constantly evolving, so to keep our students challenged and current this specially designed class will be implemented throughout the school. There are 3 levels to the training and each level is designed to build on the skills learnt in the previous level. This 1.5 Hour class includes Warm Up, Flexibility Exercises, Core strength Exercises, Dance Vocabulary, Kicks, Leaps, Tricks, Corner work, Turns, Combinations & Performance skills.

LIMBERING

These classes are specifically designed to improve a student's level of flexibility. After a long warm up, various exercises are taught that will help increase flexibility and suppleness that is so important for a dancer. This is an energetic and challenging class but extremely rewarding!

MODERN

These classes teach the fundamental techniques and are imperative for those pupils who wish to take up dancing as a career. Classes offered are all grades from 1-Advanced. Pupils have the opportunity of taking ISTD examinations if the required standard has been attained. Although these are not compulsory, it is a wonderful reward for the months of hard work involved at achieving the standards required. All children entered for exams are expected to attend extra coaching classes in the lead up to their examinations. Our graded Modern classes follow the ISTD syllabus. Modern will teach rhythmic co-ordination through a structured syllabus and develop the distinct style of Modern Theatre seen in many popular musicals on stage and screen.

MUMMY & ME BALLET

For children who can walk well, up to the age of 3yrs. An introduction to Ballet children learn basic steps. After this class they can then progress into our Tiptoe Ballet class. At 'Mummy and Me' Ballet you stay with your child and help them learn their first steps in Ballet!

PROGRESSING BALLET TECHNIQUE (PBT)

This is an innovative program developed by Marie Walton-Mahon for students to understand the depth of training muscle memory in achieving their personal best in classical ballet.

SINGING

These workshops consist of warm-ups, simple songs that bring instant rewards and also more complex pieces in several parts that offer the opportunity for a challenge. A fantastic class for anyone that loves to sing and wants to increase knowledge on the voice and develop their style and skill.

STAGECRAFT ACTING

Through improvisation, script analysis and the study of monologue materials, students are introduced to the fundamentals of Stagecraft Acting & performance. Special emphasis is placed on interpretation and translation of the dramatic script as the basis for exploration of characterisation, motivation and transition.

STREET DANCE

This is a very exciting and enjoyable dance style. Our street dance classes are designed to give fun-filled sessions where students will learn to let go and express themselves to their favourite music. Our expert street dance teacher will help pupils understand rhythm, coordination and will teach the basic as well as more challenging moves and grooves. These will be grouped in energetic street dance routines you can practice and perform with attitude.

STREET TAP

Musical productions and movies in the late 1990's like Stomp and the Tap Dogs gave traditional tap dance a modern-day revamp. Street Tap is a hybrid of tap dance techniques and urban hip hop. The result is a funky, raw style of tap dance that's vibrant and entertaining. This class incorporates turns, slides, percussion and clear, hard hitting tap beats. Dances are choreographed to the latest tracks, and sometimes can be performed a cappella (without music). Street Tap is a great mix of technical tapping (which develops musical coordination) with freestyle hip hop that's an awesome form of expression.

TAP

These classes teach the fundamental techniques and are imperative for those pupils who wish to take up dancing as a career. Classes offered are all grades from 1-Advanced. Pupils have the opportunity of taking ISTD examinations if the required standard has been attained. Although these are not compulsory, it is a wonderful reward for the months of hard work involved at achieving the standards required. All children entered for exams are expected to attend extra coaching classes in the lead up to their examinations. Our graded Tap classes follow the ISTD syllabus. Lively, rhythmic tapping makes the performer not just a dancer but also a percussive musician.

TIPTOE BALLET & TAP

An introduction to Ballet for children aged **3-4yrs**, teaches children the basic positions and techniques. Children will be taught how to hold their body correctly, including how to hold their hands and how to point their toes. They will practice simple skills such as skipping, jumping and rhythms to improve coordination, flexibility and confidence whilst having fun. Parents are not permitted to stay for this class.

TIPTOE DRAMA & MUSIC

Song, percussion and drama make up this structured class allowing budding superstars to create and express in their own special way. Pre-school tots love to get into character – different themes engage little imaginations as they pretend to be animals in the jungle or sharks in the ocean.

ZUMBA

Come and join the PARTY! Have Fun, Get Fit, Feel Great! Weekly ZUMBA Fitness classes for children.

Teacher Chloe says: 'Children love to Zumba too! Having taught children for nearly 10 years I feel privileged to be teaching them Zumba too. I love being able to combine movement and rhythm in order to give children the happy, confident vibe of exercise. Being able to share the Zumba party with children is truly brilliant. EVERYONE is welcome at our classes: For children aged 5-11 years, whether you are a couch potato or an Olympic athlete, whether you have two-left-feet or are a prima ballerina! **(this is a PAYG class)**

12. Can I attend DPA and another Performing Arts/Dance School? No. You cannot attend another school at the same time as attending DPA. This rule is in accordance with the Council for Dance Education and Training code of ethics for dance teachers, a code which we (and all reputable dance schools) should fully adhere to. So if we offer the class then you cannot attend another Dance/Drama School to take the class.

If you have any questions regarding anything please speak to a member of staff immediately who will endeavour to answer your query. We hope that your child has a lovely time learning with us and welcome you all to DPA Academy of Dance & Performing Arts and our DPA family.
